

PROJECT PROFILE	AQSC m/v <i>American Duchess</i>
Project Reference	US Flagged Jones Act Overnight Passenger River Cruise Vessel
Project Summary	Gerflor Karavel LVT Flooring - Driftwood and Flamingo

In 2017, former Isle of Capri casino boat *m/v Bettendorf Capri* completed its conversion to *m/v American Duchess*, a new luxury river cruise experience for America's inland rivers.

American Queen Steamboat Company construction manager David Kelley selected Gerflor KARAVEL Wood-Look vinyl plank for its lifelike look, high wear, slip resistance and fire/smoke safety specification. US Outfitters, LLC (Jacksonville, FL) installed Gerflor Streamo Karavel LVT *Driftwood* and *Flamingo* in high traffic areas requiring a bio-safe surface per US Public Health.

Benefits of Gerflor Streamo LVT flooring:

- 0.55 mm wear layer to offer the highest durability and strongest resistance to heavy traffic
- R10 slip resistance according to DIN 51 130 for an improved passengers' safety
- Fire/Smoke safe per USCG-IMO FTPs
- Industry leading highest life-like appearance and wide range of color/pattern selection.
